DETAILED ACTION

1. This action is in response to the communication filed on July 14, 2006. Claims 1 – 20 were cancelled. New Claims 21 – 47 are currently pending.

Allowable Subject Matter

2. Claims 21 – 26, 28 – 35 and 37 – 38 are allowed.

Response to Arguments

3. Applicant's arguments filed on January 31, 2007 have been fully considered and with respect to Claims 21 – 26, 28 – 35 and 37 – 38 are persuasive but with respect to Claims 39 – 44 and 46 – 47, they are not persuasive.

Claims 39 – 44 and 46 – 47 are drawn to a computer-readable medium, and the specification does not use the terminology computer-readable medium or any other equivalents of computer-readable medium. Examiner maintains that the instant specification [paragraph 0022] discloses "hardware or software of any combination thereof" renders the claims non-statutory and further maintains the rejection.

Claim Rejections - 35 USC § 101

35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

Claims 39 – 44 and 46 – 47 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter. Claim(s) 39 – 47 are not limited to tangible embodiments. In view of Applicant's disclosure, specification paragraphs [0060 and 0061], the browser module and the browser isolator are not limited to hardware implementation, but software and in any combination of software and hardware. As such, the claims are not limited to statutory subject matter and are therefore non-statutory.

The rejection of the base claim is necessarily incorporated into the dependent claims.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the

Art Unit: 2136

shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
